INTELLICOILS · K 1954 · Q 1504 · D 1288 · TXL 984

## 1 ADAPTIVE FABRIC

Temperature regulating Adaptive fabric technology works with moisture-wicking TENCEL™ fibres for improved breathability that's softer than silk and cooler than linen.

## 2 HYBRID TECHNOLOGY

This innovative mattress technology delivers a dramatic light-as-air feel that's amazingly adaptive and supremely comfortable. Hybrid technology allows you to truly experience the indulgent comfort of our PrimaSense Memory Foam and exclusive Smart Align™ Latex like no other.

## 3 COMFORT LAYER

One inch of exclusive SmartAlign™ Latex and two inches of PrimaSense Memory Foam work with three inches of Premium Gel Foam comfort layers to deliver an elevated feel.

## 4 INTELLECOIL® ADVANCED

Our one-of-a-kind patented coil-in-coil innerspring is designed to support and cradle you with even more adaptive support for every type of sleeper.

## 5 AIRVENT SYSTEM

Ventilated PrecisionEdge works with eight external air vents to help prevent heat build-up in your mattress to promote an even cooler, more comfortable deep slumber throughout the night.
